

Advanced women's healthcare...focusing on Obstetrics, Gynecology & Infertility

April 20, 2026

To All of My Patients,

This letter is to inform you that my role at the Coastal Bend Women's Center will be changing as of June 06, 2026.

It has been an honor and a privilege to serve you and our outpatient community. On June 6<sup>th</sup>, I will serve the community as an OB Hospitalist and will no longer see patients in an office setting. It is my sincere hope that you will remain with Coastal Bend Women's Center and easily transfer your care to one of the other Provider. Each of them serves our patients comprehensively and compassionately and will take wonderful care of you. You will not have to worry about any records transfer, as your previous records reside here and will be available to the Provider who sees you. If you choose to transfer your care outside of Coastal Bend Women's Center a consent to release medical information will need to be completed.

Again, it has been my honor to be of service to you, and I wish you all the best in your future health.

Sincerely,

Heather A. Dixon, D.O., F.A.C.O.G.
